Enterprise Zone Grant Program
How-to-Qualify Workshops

The new Enterprise Zone Grant Stature requires that specific information in the Enterprise Zones grant applications be attested to by an independent CPA licensed in Virginia through an agreed-upon procedures engagement using procedures established by DHCD.

DHCD has worked with representatives from the Virginia Society of CPAs to ensure these procedures are in accordance with the attestation standards established by the American Institute of Certified Public Accountants.

At the how-to-qualify workshops, these attestation procedures will be discussed as they relate to the application process. The last hour of each workshop session will be geared towards answering specific questions from CPAs and other attendees about these agreed upon procedures.
